

FTSE ENVIRONMENTAL OPPORTUNITIES ALL-SHARE INDEX

The FTSE Environmental Opportunities All-Share Index measures the performance of global companies that have significant involvement in environmental technology (ET) and environmental business activities. Aligned with the FTSE ET50 Index, the FTSE Environmental Opportunities All-Share Index provides investors with a broader benchmark index of over 450 constituents globally that have at least 20% of their business derived from environmental markets and technologies.

The FTSE Environmental Opportunities All-Share Index has been developed in collaboration with Impax Asset Management and under the direction of the independent FTSE Environmental Technology Committee, further enhancing FTSE's suite of Responsible Investment indices and providing investors with an increasing set of robust responsible investment tools.

MEETING THE NEEDS OF RESPONSIBLE INVESTORS

Investment products based on the FTSE Environmental Opportunities All-Share Index will appeal to a broad range of institutional and retail investors who are looking to:

- Invest in the environmental technology sector via an investable and transparent FTSE index
- Maximise environmental growth opportunities within their portfolios
- Invest in companies that are best placed to succeed in a future low carbon environment
- Support the growth and development of the renewable energy and environmental technology sector

INDEX FEATURES

- The index is designed for the creation of derivatives, index tracking funds and ETFs
- Stocks are free-float weighted to ensure that only the investable opportunity set is included within the index
- Stocks are liquidity screened to ensure that the index is tradable
- Capital and total return indices are available for this index
- The index is calculated in Dollars

ABOUT IMPAX ASSET MANAGEMENT

Impax is a specialist investment manager in the environmental sector with over US\$1.9 billion under management across a range of funds investing in quoted securities and private equity.

The firm was founded in 1994 as a specialist finance house focusing on the markets for cleaner or more efficient delivery of basic services of energy, water and waste. These markets are expanding rapidly, as business and political leaders encourage the development of cleaner products and services in response to the increasing pressures placed on the environment.

Impax's dedicated team of professionals, with many years of experience in the financial and environmental sectors, is ideally placed to understand and take advantage of the investment opportunities arising from these growing markets.
